Who are we?

Cantiga Wineworks is a small family wine-making operation. Founded in 2000, it is a natural outgrowth of the Rorden family's longstanding home winemaking tradition. Upholding the same values and methods used to make the family's private stock, Rich & Christine Rorden make this wine of rare quality available to fine wine enthusiasts everywhere.

With a production of 2000 cases per year, Cantiga is truly a boutique winery. We are located in the Fair Play wine appellation (Sierra Foothills, CA). Our Gothic-style winery and tasting room overlook our 2400' elevation vineyards, gardens and patio. We offer food pairings along with wine tasting. Families and picnickers are welcome!

About our wines

The Cantiga winemaking tradition yields wines of exceptional character that are refreshingly different. Although modern enology has developed numerous methods for manipulating wine and achieving consistency, we have opted for minimal intervention, and also exercise discretion in the use of malolactic fermentation. We select high quality grapes from regions we feel they grow best, and then keep a gentle touch as winemakers to let the grapes – and the uniqueness of the vintage – speak for themselves.

The intent behind our unique method is twofold: first, to recapture the art of making wine that benefits from long periods of cellaring; and second, to craft a food-friendly style, thus reclaiming wine's rightful place on the dinner table.
